## Sleep Tight

### Sleep Tight

Astrid felt her body betraying her as her eyes became heavier and heavier as the Dragon riders were riding back to Berk. Hiccup noticed this and directed Toothless to fly close up next to her and Stormfly.

"Hey are you sure you'll be able to make it to your own bed? You look like you're gonna fall off of Stormfly." Hiccup asked in concern.

Astrid yawned, "I'll be fine Hiccup... I'm just a little tired that's all. We've had a long day and I'm exhausted... I'm sure I'll be able to make it-"

But Astrid's words were cut off as her body fell unconscious at last, falling off of Stormfly she tumbled out of her seat and plummeted in the open air fast asleep.

Hiccup practically had a heart attack, "\_\*\*ASTRID!\*\*\_" he yelled as he dived down to catch his lady in his arms as softly as he could.

Astrid was so tired that she was knocked out as soon as she let that final yawn leave her mouth and Hiccup was surprised that the impact of her fall into his arms didn't wake her.

"I guess she's a heavy sleeper \_\*\*AND\*\*\_ she doesn't snore. Quite a lucky combo." Hiccup chuckled as he flew towards Berk with Astrid wrapped in his arms..

When they reached Berk, the other Dragon riders headed off to bed as Hiccup carried Astrid bridal style in his arms towards her house. Opening up the door and climbing up her stairs, He laid Astrid down onto her bed and prepared her for sleep. He took off her boots, headband and shoulder pads along with her arm cuffs and anything that might cause her discomfort.

Hiccup was blushing during the entire thing though because he felt like he was stripping Astrid down to seal the deal with her before their wedding night... Which Hiccup thought highly of in his personal morals since he believed that THAT was only meant for a couple. Even in his Viking Tribe he had this different view point when it came to things meant for couples.

After Hiccup got her comfortable, he felt Astrid lace her hand in his and he looked down to see that Astrid was sleepily looking at him with half closed eyes.

"Don't leave me alone..." Astrid whispered. "I don't want you to leave me alone..."

Hiccup smiled, "Don't worry Milady, I'll see you in the morning and we can spend the entire day together. Just you and me. Nobody else."

Astrid tugged Hiccup's hand to motion him to lean down towards her bed so that he was closer to her body. She brought up her other hand to his cheek and brought him closer to her lips until she was kissing him softly.

Hiccup returned her affection with tenderness, but at the same time with such a gentle warmth that he felt that they could've stayed like that forever. Finally, they parted their kiss and Hiccup stroked Astrid's hair as if she was a small kitten.

"Sleep tight Astrid... I'll see you in the morning Milady." Hiccup whispered with a smile, he leaned forward and kissed her forehead gently warmly.

Astrid nuzzled his nose before he got up from her reach, "Goodnight Hiccup, I love you."

"I love you too Astrid." Hiccup replied back.

He got up and went down the stairs and outside of Astrid's house, before he shut the door to his home he gazed back at the direction of Astrid's house and smiled. That night truly was a sweet experience for both of them.
